**2022**

*Percentage: 81*

## Technical Skills

**Languages:** HTML, CSS, JavaScript, Python, SQL

**Frameworks/Libraries:** React.js, Tailwind CSS, Redux

**Tools/Technologies:** Git, Redux Toolkit, NPM, Figma, Linux, RESTful APIs

## Projects

### GitHub Insight | *React.js, Tailwind CSS, Material UI, GitHub API* | [Live Demo](#), [GitHub](#)

- A responsive React-based web application that integrates the GitHub API, enabling users to search and explore GitHub profiles seamlessly.
- Designed a responsive UI with pagination, infinite scrolling, and light/dark themes, enhancing user experience.
- Reduced user-reported errors by 50% within the first month by implementing robust error handling.
- Achieved 100+ searches in the first month post-deployment.

### Expense Tracker Application | *React.js, JavaScript, Tailwind CSS* | [Live Demo](#), [GitHub](#)

- A React-based application for managing and monitoring expenses with user-friendly features.
- Developed real-time form validation and filtering, improving usability.
- Ensured 100% data persistence for 100+ transactions using Local Storage.

## Experience

### IBM SkillsBuild and CSRBOX

*Frontend Web Development Intern*

**June 2023 – July 2023**

*Virtual*

- Developed a modern, responsive front-end website using HTML, CSS, and JavaScript.
- Participated in IBM's Annual Event and showcased my work to senior professionals.
- Earned a certificate for successful project completion and participation.

## Certifications

### IT Expert

**May 2022 – May 2024**

- Designed graphics using tools like Photoshop and CorelDraw.
- Gained expertise in web technologies such as Bootstrap, PHP, and MySQL.
- Delivered small-scale web development projects with end-to-end responsibility.

## Achievements

- Participated in IBM's Annual Event and networked with industry professionals.
- Successfully delivered multiple web projects during academic tenure.
